ADJOURNMENT

**CITY/COUNTY ANIMAL SERVICES JPA
MINUTES
WEDNESDAY, FEBRUARY 10, 2010, 10:30 A.M.**

The meeting was called to order at 10:34 a.m. with Directors Herbel, Huntington, Cronin and Chair Derry present.

PLEDGE OF ALLEGIANCE

APPROVAL OF MINUTES

Upon motion and second, the minutes of the meeting of January 13, 2010 were approved unanimously (Huntington/Herbel)

DIRECTORS REPORTS/UPDATES

Director Cronin provided a copy of the Animal Shelter proposal from 2000.

Director Herbel requested that staff explore the possibility of constructing a room to perform surgeries and having a Veterinarian on staff that could come in and take care of spay and neuter services, noting it may be financially more effective than taking pets to another facility. Director Cronin advised the proper action would be to direct staff to develop a benefit analysis. Director Herbel questioned how much the Town is paying for the services at this time. Animal Care and Control Manager Crider advised that now the fee is about \$80 for dogs and \$50 for cats, and noted previously it was approximately \$55-\$60 for dogs and \$45 for cats. Director Herbel questioned how much staff time is consumed transporting the animals to the facility. Animal Care and Control Manager Crider advised about 2 hours per trip. Director Herbel stated that, in the future, there is a need to make sure that Animal Care and Control Manager Crider and Shelter Supervisor Casey have input on what they feel the needs are for the facility.

DISCUSSION ITEMS

1. Directors and Officers Liability.

Director Cronin advised that the Chairman of the Authority needs to sign the application for Directors and Officers liability insurance. There being no objection Director Derry was authorized to sign the application.

2. Review draft Requests for Qualifications (RFQ)

Director Cronin recommended that Deputy Town Manager Stueckle be the point of contact for questions regarding the proposal, and he (Cronin) receive the bids on behalf of the JPA. They are asking for proposals to be submitted by March 19th, with a bid walk on February 25th. The JPA can consider date changes, but the County is hoping to move

forward as soon as possible. It is recommended that the Authority approve submittal of the RFP and begin the process of distributing it.

Director Huntington questioned if request for bids would be advertised on the website. Director Cronin stated they would and will also send the proposals to architects from an established list. Director Derry suggested if there are any concerns the date can be moved back. Director Huntington expressed concern regarding allowing only three weeks from job walk to bid, and also questioned where the figures for the square footages came from. Director Cronin advised that was from the 2000 proposal, noting there were expensive impacts for water and wastewater disposal. Deputy Town Manager Stueckle stated that the impact could be in excess of \$300,000. It was noted that the Architect chosen should guide the JPA as to whether or not the budget is sufficient to construct the facility.

Director Herbel commented that there would also be maintenance cost for a package plant.

Director Cronin advised the recommendation is that the items be included in the RFP and obtain guidance from the Architects as to those points

Director Huntington commented he would like to see visual presentations from the bidders showing their previous work. In addition six weeks should be allowed from job walk to bid submittal.

Town Manager Takata questioned if the RFP refers to the ability to add to facility. Director Huntington stated it should be a campus but modularized and master planned so it can be constructed in phases.

Director Cronin clarified the revisions to the RFP include expanding the timeline to allow 6 weeks from job walk to bid submittal; include visual presentations; and add the design concept to be able to expand the facility in future. Director Huntington stated the ability to construct the facility in phases also allows us to cut back if budget doesn't allow all the elements.

Upon motion by Director Huntington and second by Director Herbel, and there being no objection, Board direction was for Director Cronin to make the requested modifications and send the RFP out.

Town Manager stated it should be sent to anyone in Town who would like to submit. Director Huntington stated he would appreciate a local preference for subcontractors or consultants if needed.

3. Draft Operating Budget

The Board reviewed the draft 5 year operating budget. Director Cronin advised the numbers do not include the possibility of an on site vet and facility for surgery, and noted

that the County cost could potentially increase by \$125,000 of what is incurring currently. The intent of the discussion is to identify additional cost impacts of the operation as we move forward.

Administrative Services Director Yakimow advised he reviewed the figures with Deputy Town Manager Stueckle and Animal Care and Control Manager Crider and are very comfortable with the numbers.

Director Herbel requested that the Board look at a cost benefit analysis of having a Vet on site. Director Cronin commented the biggest costs would be to buy the necessary equipment to have a facility on site, and the ongoing operating costs for a Vet and potential assistant. He recommended the Board accept the proposal with the understanding there are potential additional costs to establish a hospital.

Director Huntington commented there will also be impacts on the A & E as far as design. He noted he would think the design would be modular with the ability of additions for future growth of the campus, and would guess there would not be an initial expense but would be in future years budgets.

Upon further discussion regarding programs for low cost clinics, Director Huntington moved to accept the proposed operating budget. Director Herbel seconded. There being no objections, the budget was accepted.

PUBLIC COMMENTS

Town Manager Takata commented the Board might want to consider teleconferencing at some point and time and should consider adding that to bylaws.

Director Cronin advised that item will be brought back to a future agenda.

ADJOURNMENT

There being no further business, the meeting was adjourned at 11:20 a.m.

Respectfully submitted,

Jamie Anderson, MMC

Failure to Procure Coverage – In the event that any policy of insurance required under this Contract does not comply with the requirements, is not procured, or is canceled and not replaced, the JPA has the right but not the obligation or duty to cancel the Contract or obtain insurance if it deems necessary and any premiums paid by the JPA will be promptly reimbursed by the Consultant or JPA payments to the Consultant will be reduced to pay for JPA purchased insurance.

Insurance Review – Insurance requirements are subject to periodic review by the JPA. The JPA is authorized, but not required, to reduce, waive or suspend any insurance requirements whenever it determines that any of the required insurance is not available, is unreasonably priced, or is not needed to protect the interests of the JPA. In addition, if the JPA determines that heretofore unreasonably priced or unavailable types of insurance coverage or coverage limits become reasonably priced or available, the JPA is authorized, but not required, to change the above insurance requirements to require additional types of insurance coverage or higher coverage limits, provided that any such change is reasonable in light of past claims against the JPA, inflation, or any other item reasonably related to the JPA's risk.

Any change requiring additional types of insurance coverage or higher coverage limits must be made by amendment to this Contract. Consultant agrees to execute any such amendment within thirty (30) days of receipt.

Any failure, actual or alleged, on the part of the JPA to monitor or enforce compliance with any of the insurance and indemnification requirements will not be deemed as a waiver of any rights on the part of the JPA.

XI. JPA RESPONSIBILITIES:

The JPA shall make available to the Consultant all pertinent data that is in the JPA's possession in the condition it exists.

The JPA shall pay for publishing costs for advertisements of notices for public hearings or other similar items. The Consultant will pay for all draft and final report printing, including drawings and specifications.

Proposal preparation and associated direct costs are the sole responsibility of the Consultant and will not be reimbursed by the JPA.

XII. CONSULTANT SELECTION:

A. Evaluation Process

All Proposals will be subject to a standard review process developed by the JPA. The JPA will establish an Evaluation Committee with responsibility for reviewing and evaluating all proposals.

No proposal shall be rejected if it contains a minor irregularity, defect, or variation if the irregularity, defect or variation is considered by the JPA (at the JPA's sole discretion) to be immaterial or inconsequential. In such cases the Proposer will be notified of the deficiency in the proposal and given an opportunity to correct the irregularity, defect or variation or the JPA may elect to waive the deficiency and accept the Proposal.

If oral presentations are conducted, firms will be required to include a visual presentation of past projects. The JPA will rank the firms based upon their proposals and oral presentation (if any) and the most qualified Consultant will be selected. Following the ranking of firms all Fee Proposal Sheets will be examined. Negotiations will be held with the most qualified Consultant. If negotiations are not successful, the JPA will so notify the Consultant, and commence negotiations with the next rated Consultant, and so on.

XIII. SUBMITTAL REQUIREMENTS:

The Proposal must be signed by the individual or official of the Consultant who has the power to bind the Consultant contractually.

All Proposals must contain a statement that the offer made in the proposal is firm and binding for 120 days from the date the proposal is opened and recorded.

XVI. CHANGES TO CONTRACT:

It is the JPA's intent that the contractual relationship between the Consultant and the JPA shall be substantially as set forth in the attached sample contract. In developing the Proposal, the Consultant should carefully review the sample contract to take into consideration the rights, obligations, and costs associated therewith. **If the Proposer has any objections to the terms in the sample contract, the objections must be addressed in the Proposal or the objections will be deemed to have been waived.**

XVII. CONFLICT OF INTEREST:

Consultant shall make all reasonable efforts to ensure that no conflict of interest exists between its officers, employees, or subcontractors and the JPA. Consultant shall make a reasonable effort to prevent employees, consultants, or members of governing bodies from using their positions for purposes that are, or give the appearance of being motivated by a desire for private gain for themselves or others such as those with whom they have family business, or other ties.

Officers, employees, and agents of cities, counties, districts, and other local agencies are subject to applicable conflict of interest codes and State law. In the event the JPA determines a conflict of interest situation exists, any increase in costs, associated with the conflict of interest situation may be disallowed by the JPA and such conflict may constitute grounds for termination of the Contract.

This provision shall not be construed to prohibit employment of persons with whom Consultant's officers, employees, or agents have family, business, or other ties so long as the employment of such persons does not result in increased costs over those associated with the employment of any other equally qualified applicant.

XVIII. RESERVED

XIX. INACCURACIES OR MISREPRESENTATIONS:

If in the course of the RFP process or in the administration of a resulting Contract, the JPA determines that Consultant has made a material misstatement or misrepresentation or that materially inaccurate information has been provided to the JPA, the Consultant may be terminated from the RFP process or in the event a Contract has been awarded, the Contract may be immediately terminated.

In the event of a termination under this provision, the JPA is entitled to pursue any available legal remedies.

The JPA, by written notice, may immediately reject any proposal or terminate any Contract if it determines that any improper consideration as described in the preceding paragraph was offered to any officer, employee or agent of the JPA, County of San Bernardino, or the Town of Yucca Valley with respect to the proposal and award process or any solicitation for consideration was not reported. This prohibition shall apply to any amendment, extension or evaluation process once a Contract has been awarded.

Proposer shall immediately report any attempt by an officer, employee or agent of the JPA, County of San Bernardino, or the Town of Yucca Valley to solicit (either directly or through an intermediary) improper consideration from Proposer. The report shall be made to the JPA. In the event of a termination under this provision, the JPA is entitled to pursue any available legal remedies.

XXI. DISCLOSURE OF CRIMINAL AND CIVIL PROCEEDINGS:

The JPA reserves the right to request the information described herein from the Consultant selected for Contract award. Failure to provide the information may result in a disqualification from the selection process and no award of Contract to the Consultant. The JPA also reserves the right to obtain the requested information by way of a background check performed by an investigative firm. The selected Consultant also may be requested to provide information to clarify initial responses. Negative information provided or discovered may result in disqualification from the selection process and no award of Contract.

The selected Consultant may be asked to disclose whether the firm, or any of its partners, principals, members, associates or key employees (as that term is defined herein), within the last ten years, has been indicted on or had charges brought against it or them (if still pending) or convicted of any crime or offense arising directly or indirectly from the conduct of the firm's business, or whether the firm, or any of its partners, principals, members, associates or key employees, has within the last ten years, been indicted on or had charges brought against it or them (if still pending) or convicted of any crime or offense involving financial misconduct or fraud. - 11.2 In the event of any termination, all finished and unfinished design and research documents, data, studies, surveys, drawings, maps, models, photographs and reports prepared by the Consultant shall, at the option of the JPA, become the property of the JPA.
- 11.3 In the event of any termination, JPA shall pay to Consultant as full payment for all services performed and all expenses incurred under this Contract the sum due and payable, plus a pro-rata portion of the next uncompleted phase, if any, as the services actually rendered by the Consultant bear to the total services necessary for the full performance of those subsequent tasks. In ascertaining the services actually rendered hereunder up to the date of termination of this Contract, consideration shall be given to completed work, work in progress to complete any incomplete drawings, and other documents, whether delivered to JPA or in possession of Consultant.
- 11.4 It is recognized that JPA may, at its discretion defer the solicitation of bids. Consultant agrees to remain responsible for completion of all professional services under this Contract for a period of one (1) year commencing on the date of submission of the final approved Construction Documents and completion of all services under Article 3, Sections 3.1 through 3.5, Basic Services of Consultant. If, at the end of the one (1) year period the JPA has not proceeded with the solicitation of bids,

Consultant may, by written notice to the JPA, terminate this Contract. It is specifically agreed that the written notice is essential and the one (1) year period shall automatically be extended until receipt of notice.

- 11.5 If, after payment of the amount required to be paid under this Article 11, Termination or Suspension of Contract, following the termination of the Contract, JPA should decide to complete the original Project, (or substantially the same Project), JPA shall have the right of utilization of any original tracings, drawings, calculations, specifications, estimates and other documents and research studies prepared under this Contract by Consultant who shall make them available to JPA upon completion and acceptance of the plans and specifications. JPA agrees to credit Consultant with such authorship as may be due him, but is not required to renew the Contract. Should the JPA choose to complete the Project and not renew the agreement, or make future modifications to the Construction Documents, the JPA shall indemnify the Consultant to the fullest extent of the law.

ARTICLE 12. INDEMNIFICATION

Consultant shall defend and indemnify JPA for claims that arise out of, pertain to, or relate to the negligence, recklessness, or willful misconduct of the design professional.

ARTICLE 13. INSURANCE

- 13.1 **Insurance:** The Consultant agrees to provide insurance set forth in accordance with the requirements herein. If the Consultant uses existing coverage to comply with these requirements and that coverage does not meet the specified requirements, the Consultant agrees to amend, supplement or endorse the existing coverage to do so.

Without in anyway affecting the indemnity herein provided and in addition thereto, the Consultant shall secure and maintain throughout the contract term the following types of insurance with limits as shown:

- a. **Workers' Compensation/Employers Liability** - A program of Workers' Compensation insurance or a state-approved, self-insurance program in an amount and form to meet all applicable requirements of the Labor Code of the State of California, including Employer's Liability with \$250,000 limits covering all persons including volunteers providing services on behalf of the Consultant and all risks to such persons under this contract.

If Consultant has no employees, it may certify or warrant to the JPA that it does not currently have any employees or individuals who are defined as "employees" under the Labor Code and the requirement for Workers' Compensation coverage will be waived by the JPA.

With respect to consultants that are non-profit corporations organized under California or Federal law, volunteers for such entities are required to be covered by Workers' Compensation insurance.

b. **Commercial/General Liability Insurance** – The Consultant shall carry General Liability Insurance covering all operations performed by or on behalf of the Consultant providing coverage for bodily injury and property damage with a combined single limit of not less than one million dollars (\$1,000,000), per occurrence. The policy coverage shall include:

- (a) Premises operations and mobile equipment.
- (b) Products and completed operations.
- (c) Broad form property damage (including completed operations).
- (d) Explosion, collapse and underground hazards.
- (e) Personal injury
- (f) Contractual liability.
- (g) \$2,000,000 general aggregate limit.

c. **Automobile Liability Insurance** - Primary insurance coverage shall be written on ISO Business Auto coverage form for all owned, hired and non-owned automobiles or symbol 1 (any auto). The policy shall have a combined single limit of not less than one million dollars (\$1,000,000) for bodily injury and property damage, per occurrence.

If the Consultant is transporting one or more non-employee passengers in performance of contract services, the automobile liability policy shall have a combined single limit of two million dollars (\$2,000,000) for bodily injury and property damage per occurrence.

If the Consultant owns no autos, a non-owned auto endorsement to the General Liability policy described above is acceptable.

d. **Professional Liability** – Professional Liability Insurance with limits of not less than one million (\$1,000,000) per claim or occurrence and two million (\$2,000,000) aggregate limits

or

Errors and Omissions Liability Insurance with limits of not less than one million (\$1,000,000) and two million (\$2,000,000) aggregate limits

or

Directors and Officers Insurance coverage with limits of not less than one million (\$1,000,000) shall be required for Contracts with charter labor committees or other not-for-profit organizations advising or acting on behalf of the JPA.

If insurance coverage is provided on a "claims made" policy, the "retroactive date" shall be shown and must be before the date of the start of the contract work. The claims made insurance shall be maintained or "tail" coverage provided for a minimum of five (5) years after contract completion.

e. **Umbrella Liability Insurance** - An umbrella (over primary) or excess policy may be used to comply with limits or other primary coverage requirements. When used, the umbrella policy shall apply to bodily injury/property damage, personal injury/advertising injury and shall include a "dropdown" provision providing primary coverage for any liability not covered by the primary policy. The coverage shall also apply to automobile liability.

- 13.2 Additional Insured - All policies, except for the Workers' Compensation, Errors and Omissions and Professional Liability policies, shall contain endorsements naming the JPA and its officers, employees, agents and volunteers as additional insureds with respect to liabilities arising out of the performance of services hereunder. The additional insured endorsements shall not limit the scope of coverage for the JPA to vicarious liability but shall allow coverage for the JPA to the full extent provided by the policy. Such additional insured coverage shall be at least as broad as Additional Insured (Form B) endorsement form ISO, CG 2010.11 85.
- 13.3 Waiver of Subrogation Rights - The Consultant shall require the carriers of required coverages to waive all rights of subrogation against the JPA, its officers, employees, agents, volunteers, contractors and subcontractors. All general or auto liability insurance coverage provided shall not prohibit the Consultant and Consultant's employees or agents from waiving the right of subrogation prior to a loss or claim. The Consultant hereby waives all rights of subrogation against the JPA.
- 13.4 Policies Primary and Non-Contributory - All policies required herein are to be primary and non-contributory with any insurance or self-insurance programs carried or administered by the JPA.
- 13.5 Severability of Interests - The Consultant agrees to ensure that coverage provided to meet these requirements is applicable separately to each insured and there will be no cross liability exclusions that preclude coverage for suits between the Consultant and the JPA or between the JPA and any other insured or additional insured under the policy.
- 13.6 Proof of Coverage - The Consultant shall furnish Certificates of Insurance to the JPA administering the contract evidencing the insurance coverage, including endorsements, as required, prior to the commencement of performance of services hereunder, which certificates shall provide that such insurance shall not be terminated or expire without thirty (30) days written notice to the JPA, and Consultant shall maintain such insurance from the time Consultant commences performance of services hereunder until the completion of such services. Within fifteen (15) days of the commencement of this contract, the Consultant shall furnish a copy of the Declaration page for all applicable policies and will provide complete certified copies of the policies and endorsements immediately upon request.
- 13.7 Acceptability of Insurance Carrier - Unless otherwise approved by JPA, insurance shall be written by insurers authorized to do business in the State of California and with a minimum "Best" Insurance Guide rating of "A- VII".
- 13.8 Deductibles and Self-Insured Retention - Any and all deductibles or self-insured retentions in excess of \$10,000 shall be declared to and approved by JPA.
- 13.9 Failure to Procure Coverage - In the event that any policy of insurance required under this contract does not comply with the requirements, is not procured, or is canceled and not replaced, the JPA has the right but not the obligation or duty to cancel the contract or obtain insurance if it deems necessary and any premiums paid by the JPA will be promptly reimbursed by the Consultant or JPA payments to the Consultant will be reduced to pay for JPA purchased insurance.
- 13.10 Insurance Review - Insurance requirements are subject to periodic review by the JPA. The JPA is authorized, but not required, to reduce, waive or suspend any insurance requirements whenever JPA

determines that any of the required insurance is not available, is unreasonably priced, or is not needed to protect the interests of the JPA. In addition, if the JPA determines that heretofore unreasonably priced or unavailable types of insurance coverage or coverage limits become reasonably priced or available, the JPA or designee is authorized, but not required, to change the above insurance requirements to require additional types of insurance coverage or higher coverage limits, provided that any such change is reasonable in light of past claims against the JPA, inflation, or any other item reasonably related to the JPA's risk.

Any change requiring additional types of insurance coverage or higher coverage limits must be made by amendment to this contract. Consultant agrees to execute any such amendment within thirty (30) days of receipt.

Any failure, actual or alleged, on the part of the JPA to monitor or enforce compliance with any of the insurance and indemnification requirements will not be deemed as a waiver of any rights on the part of the JPA.

ARTICLE 14. SUCCESSORS AND ASSIGNS

- 14.1 This Contract shall be binding upon JPA and Consultant and their respective successors and assigns.
- 14.2 Neither the performance of this Contract, nor any part thereof, nor any monies due or to become due thereunder may be assigned by Consultant without the prior written consent and approval of JPA.
- 14.3 Death or Incapacity: If the Consultant transacts business as an individual, his death or incapacity shall automatically terminate this Contract as of the date of such event, and neither he nor his estate shall have any further right to perform hereunder, and JPA shall pay him or his estate the compensation payable under Article 4, Compensation, for any services rendered prior to such termination not heretofore paid, reduced by the amount of additional costs which will be incurred by JPA by reason of such termination. If there be more than one Consultant and any one of them die or become incapacitated and the others continue to render the services covered herein, the JPA will make payment to those continuing as though there had been no such death or incapacity and the JPA will not be obliged to take any account of the person who died or became incapacitated or to make any payments to such person or his estate. The provision shall apply in the event of progressive or simultaneous occasions of death or incapacity among any group of persons named as Consultant herein, and if death or incapacity befalls the last one of such group before this Contract is fully performed, then the rights shall be as if there had been only one Consultant.

Consultant shall comply with federal and/or state requirements as to work hours, overtime compensation, nondiscrimination, and contingent fees.

ARTICLE 17. NONDISCRIMINATION

In connection with the performance of Consultant pursuant to this Contract, Consultant will not willfully discriminate against any employee or applicant for employment because of race, color, religion, ancestry, gender, marital status, sexual orientation, age, political affiliation, disability, or national origin. Consultant will take action to ensure that applicants are employed and the employees are treated during employment without regard to their race, color, religion, ancestry, gender, marital status, sexual orientation, age, political affiliation, disability, or national origin. Such action shall include, but not be limited to the following: employment upgrading, demotion or transfer; recruitment or recruitment advertisement; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship.

ARTICLE 18. WAIVER

The waiver by either party or any breach to this Contract shall not constitute a waiver as to any succeeding breach.

ARTICLE 19. REPRESENTATIVES OF JPA

ARTICLE 20. ERRORS, OMISSIONS AND/OR CONFLICTS

If during the course of the administration of this Contract, the JPA determines that the Consultant has made a material misstatement or misrepresentation or that materially inaccurate information has been provided to the JPA, this Contract may be immediately terminated. If this Contract is terminated according to this provision, the JPA is entitled to pursue any available legal remedies.

ARTICLE 23. CONFLICT OF INTEREST

Consultant shall make all reasonable efforts to ensure that no conflict of interest exists between its officers, employees, or subcontractors and the JPA. Consultant shall make a reasonable effort to prevent employees, consultants, or members of governing bodies from using their positions for purposes that are, or give the appearance of being motivated by a desire for private gain for themselves or others such as those with whom they have family business, or other ties. Officers, employees, and agents of cities, counties, districts, and other local agencies are subject to applicable conflict of interest codes and state law. In the event the JPA determines a conflict of interest situation exists, the JPA may disallow any increase in costs associated with the conflict of interest situation, and such conflict may constitute grounds for termination of the Contract. This provision shall not be construed to prohibit employment of persons with whom Consultant's officers, employees, or agents have family, business, or other ties so long as the employment of such persons does not result in increased costs over those associated with the employment of any other equally qualified applicant.

ARTICLE 24. IMPROPER CONSIDERATION

The parties agree that the venue for any action or claim brought by any party to this Contract will be the Superior Court of California, County of San Bernardino, San

If any third party brings an action or claim concerning this Contract, the parties hereto agree to use their best efforts to obtain a change of venue to the Superior Court of California, County of San Bernardino, San Bernardino District.

ARTICLE 27. ATTORNEY'S FEES AND COSTS
